

Lab 2 Multisim Help

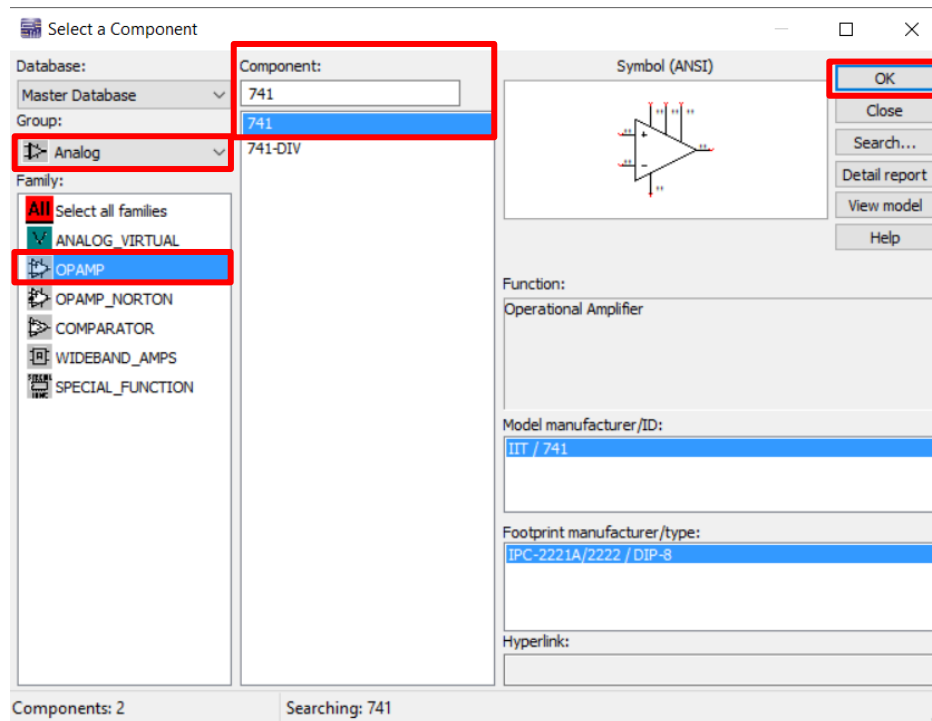

1. To add AC source, select **Place** -> **Component** -> **Sources** -> **POWER_SOURCES** -> **AC_POWER** -> **OK**

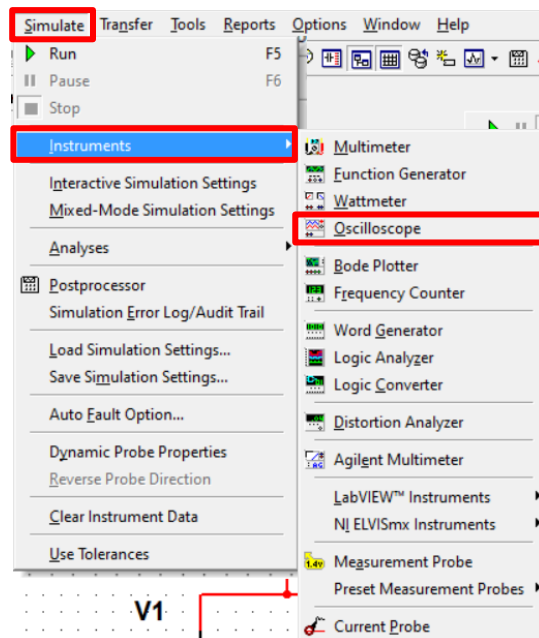

Note: $1 V_{\text{peak}} = 2 V_{\text{peak to peak}}$

2. To add op-amp, select **Place -> Component -> Analog -> OPAMP -> Search for component 741 -> OK**

3. To add oscilloscope, select **Simulate -> Instruments -> Oscilloscope**

Understand Oscilloscope
